Completing Final Week

By Lloyd Albertson

NORTH FORT HOOD—Battery C, 649th Anti-aircraft Artillery Battalion, Milam County's National Guard unit attending annual summer camp with the 49th Armored Division swung into its final week of training early Monday morning and moved out into the field Tuesday for weapons firing on the AA ranges.

Training had resumed for the Guardsmen after a week-end break which most of them not caught on some detail took advantage of to return home for a few hours.

The first week of the camp had been a rugged one for Battery C's members. The training schedule moved at a swift pace. Classes in map reading, difficult terrain driving, rocket launcher and grenade firing ran simultaneously most every day, and carbine firing cracked on the rifle range as the Guardsmen shot for record with those weapons.

Driving Course Tough

The difficult terrain driving course—a route which went up and down a steep hill, into a shallow creek bed and on across some very rough ground—caused a few Battery C members a little trouble.

One of the newer Guardsmen who was having his first experience driving a jeep— or anything else—did a rather inept job of it as he bounced over the rough ground a good deal faster than he should have, narrowly missing several trees and other obstacles.

"He didn't smash up the jeep or anything," one observer remarked, "but he sure got the officer in charge of driving instruction shook up."

A number of the Guardsmen who were firing the rifle grenade for the first time also encountered a little difficulty. More than one Battery C member, an instant after pulling the trigger of the M-1, found himself reclining on the ground on the seat of his fatigue pants due to the recoil.

All units of the 49th Division were being inspected by Regular Army officers who were observing the training. No final report will be made until later, but is believed the Guardsmen are due some favorable ratings.

Big Parade Saturday

Highlight of the first week of the encampment was the huge mounted Governor's Day parade on Saturday morning. The 49th Division's 8,000 officers and men and 1,000 tanks, trucks and jeeps,

running two abreast, passed in review before Gov. Price Daniel. Also on the reviewing stand were U. S. Senator Lyndon Johnson, Lt. Gen. John H. Collier, 4th Army commander, and other

military and civilian dignitaries. The big review also was witnessed by many of the wives, parents, and girl friends of the Guardsmen who came up to North Fort Hood for the occasion.

Building To Begin On Cameron Armory

Capt. James T. Terry, commander of Battery C, 649th AAA Battalion, has been notified that a work order for the new Cameron armory has been issued to Coffield Construction Co.

The Texas National Guard Armory Board informed him by letter that the Rockdale firm, low bidder on the project at \$91,104, will begin construction immediately. Total contract price is \$110,386.90, officials said.

It would mean that work probably would be underway soon on the long-pending Cameron armory construction program. Land for the Milam guard unit was donated for the project about 10 years ago, officials noted.

Housing Project Set For Opening Sunday

Government officials Wednesday gave the 50-unit Cameron Housing project a final inspection prior to official acceptance and opening of the units for occupancy.

An open house for public review is set for 3 to 6 p.m. Sunday. John Haygood, director of the project, is screening 26 applications of families seeking housing in both the white and non-white units.

Construction Complete

The H. H. Coffield Construction Co., Rockdale, has constructed the \$450,000 plus project at two sites. The white units are located in north Cameron at North Washington at East 20th St. The 14 non-white units are located in northwest Cameron.

Haygood said an open house will be held 3 to 6 p.m. Sunday for the general public to inspect the facilities of the brick and concrete block duplex structures.

"We plan to start moving people in by Tuesday, July 15," Haygood said. "And with the way applica-

A total of \$87,750 in federal funds will be used in the project. Confirmation of federal funds for the project came late in May.

The new armory will be 108 feet wide and 116 feet long and will house Battery C. Present facilities will be used for vehicle storage.

Authorities termed the structure a one-unit armory. It will have a main drill hall about 93 by 59 feet and a number of locker rooms, classrooms, offices and a kitchen.

Bids for the armory were let June 5.

Battery C, now at North Fort Hood for two weeks of summer camp, will return to Cameron Sunday.

tions are coming in, I don't believe we will have any difficulty filling the units.

For Low Income Families

The federal housing project, started in the spring of 1957, will house low-income families of two members to a family of several children, he said.

The 50 units include duplex apartments having from one to four bedrooms.

Facilities include a refrigerator, kitchen range and central heating in each unit. The tenant will pay for electricity, gas and the rent while water is furnished him, Haygood said.

Combined consideration of family income and number of children will determine what size unit each family will receive and how much their rent will be, the project manager said.

The project property can be paid out in 20 years, Haygood noted, then becoming the property of the city of Cameron.

GUARD KP—Doyle Armstrong, member of Battery C, takes his turn at kitchen police duty during recent training at North Fort Hood.

Dog Tag Sales Begin In Cameron During Past Week

Nine Cameron dog owners have registered their animals at City Hall under the new Cameron dog ordinance requiring rabies shots and city licenses.

Registration started this week, according to City Secretary Wayne Wieser. It was delayed due to a late shipment of tags for the animals, he said.

Citizens registering their dogs are required to present a certificate signed by a veterinarian as proof of rabies vaccination of the dog.

The City gives each dog a tag for its collar. The tag costs \$1 yearly and expires April 30.

Wieser said citizens owning dogs have called about the new ordinance and apparently have been receptive to the new dog control.

Meanwhile Chief Maynard Byers was completing estimates on a dog pound structure for council consideration Tuesday. He has asked for authorization to build a pound in which he can place stray animals.

An exact location for the pound has not been decided, Byers said.

The city council approved final reading of the ordinance about a month ago. It is the first dog leash ordinance in the city's history.

The ordinance also calls for the collection of stray animals which are obviously not being cared for.

The county attorney of Lamb County was a bit chagrined recently when Sheriff Carl Black arrived in County Seat Littlefield in quest of Willie McCormick, suspect in the shooting death of Ollie Benjamin Milton early this year.

County Attorney Curtis Wilkinson decided he would like a storm cellar, according to the Lamb County Leader, Littlefield's newspaper.

So Wilkinson hired a man for the job who in turn hired McCormick, a Negro, and several other men. McCormick's job was to haul dirt in a wheel barrow as the others dug the cellar.

One morning, Sheriff Black and a Lamb County deputy came over to the county attorney's house looking for McCormick. Black had heard McCormick was digging somebody's cellar.

The two law officers walked into the backyard, and arrested McCormick. Wilkinson, the county attorney, wanted to know why.

Said Black: "Willie's charged in Milam County with murder."

Of universal interest, particularly in the U. S., is the story of the congressional investigation of Boston's Bernard Goldfine.

We can't help but recall a wire story this week about the investigations of the investigators investigating actions of still other investigators.

The story mentioned 11 different groups or individuals checking out accusations against parties involved in the hearing that first began with the recent investigation of Goldfine's business and political activities.

A House subcommittee is investigating Goldfine. A subcommittee investigator was investigating with a microphone in Goldfine's hotel apartment. The subcommittee chairman investigated his investigator. The FBI was checking loss of Goldfine papers from his secretary's room. Let's see, that's only four investigations.

Goldfine's secretary was investigating the loss of some valuable perfume. Washington police were investigating the hidden microphone. Meanwhile a private detective for Goldfine's attorney was checking out the hotel for other microphones. And the hotel manager was investigating for persons who may have helped those who planted the microphone to get a room next to Goldfine.

Goldfine's press agent was checking possibilities of suing the hotel, which, incidentally, lost Goldfine party to another hotel across the street.

The Republican national committee was investigating a columnist.

Six Candidates Enter FB Queen's Contest

Six candidates for Milam County Farm Bureau queen have entered the annual event as officials extended the deadline to allow other county girls time to enter.

Miss Lenora Bickett, secretary of the county Farm Bureau, listed the following candidates: LaVelle Fischer, daughter of Mr. and Mrs. Edwin Fischer, Rt. 2, Buckholts; Ruth Ann Whittington, daughter of Mr. and Mrs. O. W. Whittington, Rt. 1, Cameron; and Beverly Morgan, daughter of Mr. and Mrs. Clifford Morgan, Rt. 1, Cameron.

Also, Nelda Charles, daughter of Mr. and Mrs. Otis Charles, Rt. 3, Rockdale; Anna Belle Conn, daughter of Mr. and Mrs. W. A. Conn, Rt. 1, Thorndale; and Frances Hoffman, daughter of Mr. and Mrs. C. F. Hoffman, Milano.

Officials have moved the date up to July 31. The contest will begin about 8 that evening.

Miss Bickett said the contest is open to any daughter or sister of a Farm Bureau member. Contestants must be between 16 and 22.

Judging will be on the basis of appearance, poise and personality.

The county winner would participate in the district contest early in September. The district winner would go on to state competition in November at Corpus Christi.

Out-of-town judges will select the Milam queen. The program committee was to meet this week to work out arrangements for the contest.

Last year's Milam queen, Mary Smith, daughter of Mr. and Mrs. Wayne Clark, San Gabriel, was district winner and runner-up for the state title.

Grand Jury Returns Four Indictments

A Milam District grand jury returned four indictments Wednesday following a morning session hearing five witnesses.

Four true bills were returned.

Three men were indicted on one count of burglary. They were Lou Bob Woods, Charles Mullins and

Albert Mullins who were charged with entering the home of J. L. Hayman and taking personal property.

A forged indictment was returned against Lovie Lee on one count of forging \$22.50 check. The indictment charged that Lee forged the name of Lucil Battels.

Morris Hairston was indicted on felony theft. The indictment charged that Hairston took \$100 from the possession of Marvin Pugh.

And Andrew Cortez was indicted on charges of sodomy.

Grand jury members were Nig Thweatt, F. B. Burkes, George Gamble, Ollie Cook, Herman Dorrner, P. L. Paris, John Zajick and Joe Richter.

The panel was dismissed until about August 1, officials said.

3 County Men Fill July Quota For Induction

Milam County Draft Board officials announced this week that orders had been mailed to three men to fill the county induction quota on July 21.

They are David E. Eubanks, Herman G. Smank and Frank S. Salazar.

Orders for preinduction physical examinations on July 21 were sent to Jimmy Hawk, Cecil W. Canady, John W. Condray, Bobbie R. Pope and Guadalupe D. Benavidez.

August orders call for 4 Milam County men for induction on August 19 and five for preinduction physical examination the same day.

If You Vote Absentee . . .

McClaren Lists Procedures

Max McClaren, Milam County Democratic Committee Chairman, today announced that absentee balloting was in progress and listed the three methods to vote by absentee.

He said that some voters have applied for absentee voting without forwarding their poll tax receipt.

The period for absentee balloting opened July 7 and will continue through July 22, he noted.

McClaren said that absentee balloting is a means to allow people a chance to vote who will not be in their precinct on election day.

The Democratic primary is scheduled for July 26.

Quoting from election statutes, McClaren said that the county clerk conducts absentee balloting starting 20 days before an election.

Absentee election statutes list three methods of voting: by mail, in person before the county clerk and in case of sickness or disability, McClaren said.

The absentee voter can send a request to the county clerk along with his poll tax and his return address. The clerk will return a ballot to the voter for voting before a notary public, McClaren said. The ballot must be returned to the county clerk by July 22. The voter's poll tax will be returned after election day.

McClaren said to vote absentee in person the voter may go to the county clerk's office, bringing his poll tax just as he does on election day.

If a voter is sick or disabled, McClaren continued, he can contact the county clerk who will arrange for voting in the voter's home or in the hospital. McClaren pointed out that a voter must have a signed statement from a doctor if he is unable to go to the polls.

Officials Note Citizens Vote On Key Projects

Officials this week released results of the May Community Development Clinic that recommended 64 projects for city improvement.

Stan Shively, manager of community development for Texas Power & Light Co., discussed the 25-page report last week with Cameron Chamber of Commerce leaders and released copies of the report to 38 groups and club officers.

Chamber President Hilliard Thomas announced that final plans for a publicity brochure about Cameron would be completed by a committee that includes Industrial Chairman Lester Williams, Chamber Vice-President's Milton Schiller and Leo Fuchs and Charles Brady, Sr.

126 Complete Cards

The report showed that 126 persons completed suggestion cards during the three-day clinic May 6-8 in Cameron. A total of 132 persons from about a dozen civic, church and school groups attended the clinic.

Eighty-one of the persons filling out recommendations for improvements indicated they would work for projects they suggested.

Heading the list of recommended improvements was a street improvement program with 97 mentions. City beautification and clean-up followed with 76 mentions and proper drainage votes totaled 61.

Sixteen of the projects received 10 or more mentions. Others rating frequent mention were projects for a community center, playground and park improvement, recreation center, library, new industry, street lighting and ordinance and zoning enforcement.

Forty-eight of the projects received from one to eight mentions. Shively told Chamber leaders that it was apparent that enough people were interested at present to begin work on some of the most feasible projects.

Material and art work furnished by TP&L will be used in the brochure.

Five Major Fields

The analysis discusses projects under five major headings: civic development, recreation, new business development, agriculture and public education.

Shively suggested development of a citizens steering committee to decide projects to be undertaken and policies in making civic improvements.

An unofficial Herald survey showed that about 16 of the projects mentioned in the clinic are undergoing various stages of improvement at present.

The report showed that 36 of the suggested projects would fall under jurisdiction of city or county government officials. Nine business projects were within direct jurisdiction of the Chamber and eight civic projects would be co-operative efforts of all city organizations.

He noted that the steering committee could unite efforts of citizens and public officials in developing community growth.

Trooper Commends Safe Driving Fourth

State Trooper John Blansit this week commended Milam County drivers on a safe Fourth of July weekend that saw only three minor collisions.

Blansit said that no injuries nor fatalities occurred in the Milam accidents.

Traffic was tremendous, he said, but drivers generally were observing good driving procedures.

Two truck driver fatalities marred the traffic safety record in Milam County. The county had no traffic fatalities during 1957, Blansit said.

Hard Rains Leave Muddy Fishponds In Milam County

Recent heavy rains made many Milam County farm fishponds muddy. Several in the Taylor Soil Conservation District, however, remained clear. The silt-colored ponds attest to costly erosion, while the clear waters reflect better soil and water conservation.

Wayne Mann, Soil Conservationist, stated to the Herald that any good fishpond can be protected against mudiness. The most common sources of erosion are pastures which were grazed too closely, unpaved roads, and bare roadsides, field borders, and cropland. A better sod, with more grass cover not grazed too close, will stop the erosion in a pasture.

Strip-cropping and more crop residue turned into field soils will reduce (and sometimes stop completely) the washing of topsoil from these valuable lands. Field borders can be planted with vegetation for wildlife. A pond can be protected from roadside erosion if grass cover or kudzu is planted in roadway drainageways, or with a terrace-type waterway to divert muddy water around the pond.

Muddy ponds produce a poor poundage of fish. The life-length of the pond itself is shortened rapidly by silt. A pond is a barometer of erosion versus good water. Most cooperators in the Taylor District are trying to keep it reading "clear."

FARM SCENE

Baileyville Farmers Report Grasshoppers

By J. D. Moore
County Agent

Several farmers and stockmen in the Baileyville area have reported grasshoppers in damaging numbers. A survey sheet was sent to farmers in that area and if enough infestation is reported, efforts will be made to get state and Federal assistance in controlling the hoppers. Most any of the regular cotton poisons will control the grasshoppers.

Cotton Insects

Cotton insects continue to be of concern to farmers. With moisture conditions favorable, there seems to be nothing but insects to prevent farmers from making a long needed cotton crop. The fleas seem to have stopped migrating into cotton fields, but the boll weevils are now a threat.

Due to the rains last fall, many cotton stalks remained in the fields too long and caused a heavy population of over-wintered weevils to occur this spring. The first generation of weevils were not controlled by early season poisoning in many cases. The second generation of boll weevils started puncturing young squares the last week of June with many fields showing 30 to 50 percent of the squares punctured by early July.

Check Fields

Farmers are advised to check their fields by pulling 100 squares at random, inspect the squares for damage to determine the percent damage. Entomologist recommend poisoning the cotton if 15 to 25 percent of the squares are damaged and repeat the poison application in 5 days in an effort to break the life cycle.

Toxaphene, Dieldrin and Haptachlor mixed with Methyl parathion are giving the best results. One quart of DDT per acre should be added to control the boll worms. Tiny boll worms are appearing in

some cotton fields. Farmers are to be congratulated on their all-out effort to produce a good crop this year.

Tax Refund

Federal gasoline tax refund cards are available at the county agent's office. All farmers that sent in a refund request last year will receive a card through the mail from the district office.

Linda Brashear of Hearne spent last week with her grandmother, Mrs. C. N. Dodson.

Air conditioning was first used in a cotton mill in 1906.

TEXAS CHAMPIONS OF FREEDOM

CHIEF FIELDS OF THE CHEROKEES

The Warrior Who Lived and Died for Peace

Not all of the champions of freedom honored in Texas history were Anglo-Americans. One whose ideals of liberty led to his death at the hands of his own people was a Cherokee chief... Richard Fields. From the east Fields led his tribe into Texas in 1820, to find a country where they could live peacefully. Attempting to secure land for the tribe, he appealed to the Mexican Governor at San Antonio de Bexar. From there he made his way to Mexico City, to beg for land from the Viceroy. Unsuccessful, despairing and without funds, he returned to fight for his cause. At Nacogdoches Fields joined the Anglo-Texas who were forming the ill-fated Fredonian Republic.

Under the flag of Fredonia, Texas was to be divided between the Anglos and the Indians, share and share alike. But the Republic of Fredonia lasted just

45 days, the flag was lowered on January 31, 1827. Then Chief Fields' unhappy and confused Cherokee people held him responsible for this new misfortune. The old chief, the dedicated freedom-fighter, was executed on the following May 8th.

Today Texans still demand and get their right to choose the way they want to live. In this vigorous and freedom-minded homeland... "Beer Belongs" and this is why the United States Brewers Foundation works constantly in conjunction with brewers, wholesalers and retailers, to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of Texans, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing Self-Regulation program.

The Cameron Herald

Clinic Report Complete...

Cameron has spoken.

A compilation of Cameron's needs in civic improvements was released to chamber leaders this week. It was based on the listings on 126 cards filled out by members of 12 local clubs during the May clinic conducted for the Cameron Chamber of Commerce by Texas Power & Light Co.

The results told an authoritative story of Cameron's desires for various civic improvements. And the compilation reflected what Cameron most probably needs by the total number of mentions for some key civic improvement problems.

Cameronites often discuss the need for better streets, city beautification, better drainage, industry, park and playground improvements and many others.

Note the frequency and the order of importance the outline showed in actual tabulations by the 126 Cameron citizens. And remember they were a cross section of civic, church and women's clubs throughout Cameron.

Here are the top 10:

1. Street Improvement Program 97 Votes
2. City Beautification & Clean Up 76 Votes
3. Proper Drainage 61 Votes
4. Community Center 39 Votes
5. Playground, Park Improvement 34 Votes
6. Teen-age Recreation Center 29 Votes
7. Improved Library 24 Votes
8. New Industry 23 Votes
9. Street Lighting Program 22 Votes
10. Ordinance Enforcement, Zoning 22 Votes

In all, 64 projects were mentioned for improvement. An unofficial check by The Herald showed that 16 of these items are in various stages of improvement.

City and civic leaders are at work on location of new industry, enlarging our sewage system, completing disposal plant for state approved water, working to eliminate blind corners and periodic clean up campaigns.

Many of the projects were mentioned only once or twice. But that reflected the uninhibited manner in which individual cards were completed. Clinic leaders asked that persons filling out the cards put down what they most wanted in civic improvements. And then the improvements came forth.

What is more, 81 of the 126 persons completing the cards committed themselves to bringing about the improvements they thought were needed.

When 77 percent of any group says that Cameron needs a street improvement program, it takes no sage to predict a street improvement program will be forthcoming. Nor will it be as difficult as imagined to get workers for city-wide project when about 65 percent of a random group sign their names for work on civic improvements.

In its report, TP&L said "it appears, by the number of citizens who indicate a willingness to work on the project of their choice, that an expanded program for community growth could be initiated at the present time."

The fact that the Cameron Chamber sponsored the clinic indicates the desire for civic improvement. Cameron's participation and intelligent self-analysis in this clinic makes it a conclusive fact.

Cameron has called its shots. Now it will shoot them.

Sage Wants World To Pick Out One Trouble Spot To Use Permanently

Dear editor:

When it comes to geography, I don't have any trouble in finding my way into Cameron, and if put to it could find my way to Buckholts or Rosebud, and if somebody would furnish the car and pay for the gas and go along to drive I guess I could make it to nearly any town in this country, by trial and error, although I'm perfectly satisfied to stay where I am, but after I get very far away from home, I'm lost.

For example, every once in a while, I'd say on the average of every three months, a new trouble spot breaks out in the world and the newspapers play it up and it sounds bad, although generally I don't know what they're talking about. Right now the world's trouble spot is Lebanon, wherever that is, and a while back it was Algeria, then Saudia Arabia, Seoul, etc. I'm not really familiar with these places, I'm just copying them down from old newspapers I've been saving.

Now here's the thing. They never do seem to solve any of these problems, they just run their course in the papers a few weeks and no more is heard about them, while a brand new trouble spot breaks out some place else.

This skipping around from trouble spot to trouble spot is confusing, and I'm proposing that the world pick out one spot, preferably one that's easy to spell and pronounce, and let it serve per-

manently as the world's trouble spot. It doesn't make any difference where it is, so long as it's sitting on a powder keg and has some woods and mountains nearby for rebels to hide out in. It also needs a palace for the official government to hole up in, and there ought to be a good landing field for the U. S. to rush aid in on.

Out side of this, about all they'll need is a comfortable place for the reporters to stay, and the trouble spot will be in business.

The way I see it, one trouble spot's as good as another, and it's sheer waste and a tax on a man's mind to shift it around every few months.

Yours faithfully,
J. A.

Bottlers Association Lists Melon Recipe

The Texas State Bottlers' Association has suggested a summer recipe idea, "Sparkling Melon," featuring bottled carbonated beverages.

For the "Sparkling Melon" take several cantaloupe halves and fill with a sparkling carbonated beverage of your choice together with ice cream. Have the melon and the bottled soft drink well chilled, and combine the ice cream just before serving.

Capitol Report

Economists Outlook Cautious Optimism

By Vern Sanford
Texas Press Association
AUSTIN—Mid-way through the so-called "recession year" of 1958, Texas economic forecasters are turning their eyes upward again.

Statistical reports show steady improvement in overall business activity since the bleak lows of February and March. If the hoped-for pick-up in oil demand develops during the latter half, analysts say, "1958 may be a good year after all."

Some of the bases for the current atmosphere of cautious optimism are these:

Bank Deposits

Folks have lots of money in the banks; in most areas, more than last year. Response to the Texas Banking Commission's mid-year call for condition of banks showed that most have higher deposits than last summer and some are at new record highs. Dallas County bank deposits increased by \$333,000,000; Harris County (Houston) by more than \$267,000,000 over a year ago. Towns with all-time high deposits were Amarillo, Corpus Christi, Tyler, Midland, Denton, and Port Arthur.

Retail Sales

Despite sags here and there, Texas retail sales are expected to run some 7 per cent ahead of '57, says the University of Texas Bureau of Business Research. Because of low months early in the year, sales volume for the first five months of '58 were 1 per cent below the same period for '57. But a late spring upsurge put May, 1958, sales ahead of those for May, 1957. Apparently Texans are concentrating on essentials. Compared to last year, farm implement sales were up 27 per cent, food up 11 per cent, autos down 8 per cent.

Business Index

BBR's latest report shows the 1958 level of general business activity 4 per cent below May 1957. But May, 1957, was a dizzy pinnacle, the highest point ever reached by the Texas business index. Since the low in March the index has made encouraging progress, pulling up by 8 points. Fall will bring the tip-off—says BBR, as to whether recovery momentum is sufficient for a rise to a new crest.

Employment

Although thousands more were out of work than a year ago, Texas Employment Commission's most recent over-all survey showed a substantial shortening of the jobless lines. Like the general business index, employment seemed to be making a steady recovery from the early spring "trough." Number of unemployed dropped 4,200 during May, TEC reported, and non-farm employment rose to almost three million. Insured unemployment in Texas swas only 4.1 per cent of the working force compared with the national average of 7.2 per cent.

Company Challenged

A king-size clash is in prospect July 15 between the State Insurance Department and National Bankers Life Insurance Company

of Dallas. Commissioner William A. Harrison has ordered the company to prove fitness of its management or lose its license.

National Bankers, regarded as one of the largest and most prosperous companies in the Southwest, claims more than \$19,000,000 in assets. Some \$5,000,000 of these are discounted by the Department as unsound or unsuitable for an insurance company. Specifically questioned by the state are a number of mortgage loans made by the company to other firms in which the company's officers or directors have an interest.

Company President Lester F. Hall said the firm's financial footing is so sound it could raise \$5,000,000 in a matter of hours. He said the company had a premium income of \$10,000,000 last year and net earnings of \$1,000,000.

Glad To Move Over

Despite the prospect of losing "biggest state" honors, Texas officials say they're happy to welcome Alaska as No. 49. Sample comments:

Gov. Price Daniel: "We will still have the biggest navy."
Sec'y. of State Zollic Steakley: "I'm glad another state will bear the brunt of the gags about being the largest state."

Atty. Gen. Will Wilson: "I suggest they nail down their off-shore lands before they enter the union."

Semi-Westward Ho!

Redesigned Texas-Tan uniforms have brought a new look to the Texas Highway Patrol. Semi-western in style, the uniforms sport black trim, black shoes, wide-brimmed grey hats with western crease.

Only 380 patrolmen and other division members of the Department of Public Safety are outfitted at present. New uniforms for the rest of the force will have to wait for another appropriation from the Legislature.

Taxpayers Get Wary

Slump in federal income tax collections in Texas the past several months has been noted by Internal Revenue officials.

Cause has been attributed to recession-minded taxpayers lowering their estimates of income for the year. South Texas Collector Bob Phinney thinks, however, most will wind up making just as much money as last year.

Last year Texans paid a record-breaking \$2,606,000,000 in federal income taxes, about \$128,000,000 more than in the year previous.

Visiting in the home of Mrs. Chester Huffman the past ten days have been her son, T-Sgt. Floyd Huffman, his wife and children from Myrtle Beach, South Carolina. Floyd will leave July 15 for New Jersey and then to Landsul, Germany, for a three year tour. His family will join him in the near future.

The Huffmans also visited his sister, Mrs. Inez Fikes in Houston and his brother, Dr. E. R. Hatch of San Antonio.

Rosalie Scarmardo Eugene Polzer Wed

The sanctuary of Saint Anthony's Catholic Church, Bryan, enhanced with pedestal baskets of white gladioli, palms, and white wrought iron candelabra holding graduated white tapers, formed the setting June 29 for the marriage of Miss Rosalie Scarmardo and Eugene F. Polzer.

The couple's parents are Mr. and Mrs. Pete R. Scarmardo of Route 3, Caldwell, and Mr. and Mrs. S. F. Polzer of Route 1, Cameron.

The Rev. Basil Bravi read the double ring ceremony and officiated at the nuptial mass. Mrs. Don Angonia was soloist and was accompanied by Mrs. Mary Newland.

Given in marriage by her father, the bride chose a gown of Chantilly lace over tulle and satin designed with long fitted sleeves ending in petal points over the hands. The low neckline featured scallops of lace and a pleated tulle insert edged with seed pearls. The bouffant skirt of lace edged with scallops ended over a tulle ruffle which swept into a chapel length train.

A delicate crown of seed pearls held her fingertip veil of silk illusion. She carried a small bouquet centered with a white orchid and a Mother of Pearl Rosary.

Mrs. Carl P. Scarmardo was matron of honor and Miss Pauline Malazzo, maid of honor. Bridesmaids were Misses Ethelena Salvo, Rita Moraw, Rose Mary Misretta, and Pearl Marie Scarmardo. Misses Matilda and Marilda Scarmardo, twin sisters of the bride, were junior bridesmaids.

Attendants wore waltz length mint green lace dresses over taffeta and carried small crescent bouquets of deep red carnations with matching satin streamers.

Ben Polzer was his brother's best man and groomsmen were Charlie Kunz, Steve Polzer, a brother of the groom; Frank Scarmardo, the bride's brother; and Lawrence Polzer, another brother of the groom. Ushers were Carl P. Scarmardo, a brother of the bride; Paul Kunz; Donnie Rieke; and Lee J. Fazzino. Mark Scarmardo was ring bearer.

For her daughter's wedding Mrs. Scarmardo chose a powder blue lace dress over taffeta with blue and white accessories. Mrs. Polzer selected a steel blue lace dress over satin with black and white accessories.

Following the ceremony a luncheon for members of the wedding party and relatives was held at the K of C Hall, followed by

Presbyterian Campers

Four young people from the First Presbyterian Church left Tuesday morning for the Presbyterian's summer camp, Fort Parker, where they will spend the week. The campers are Karen Adams, Frances Jackson, Jimmy McClaren, and Iven Vogelsang.

Mr. and Mrs. Raymond Meeks and family spent the 4th of July at the river.

AT GALVESTON SHOWING — Jim Yates and Earl Curtis, Cameron, pause during the showing of a newly designed fuel meter for trucks. Curtis is south Texas sales manager of the firm producing the "Sentinel" meter. A multipage picture story appeared recently in Life magazine concerning use of the fuel meter and its effect on the trucking industry. The showing was made recently at the Texas Motor Transport convention in Galveston.

reception from two until five. Assisting at the reception were Miss Palma Cash, Miss Rose Marie Boatcallie, and Mrs. Lee J. Fazzino. Mrs. Marion Malazzo registered the guests.

Upon their return from a wedding trip to Mexico City they will make their home in Edcouch where Mr. Polzer is connected with the Rio Farms, Inc.

The bride is a graduate of Caldwell High school and McKenzie-Baldwin Business College and until her marriage held a stenographic position at Bryan Air Force Base. The groom graduated from Yoe High School and received his Bachelor's and Master's Degrees in Animal Husbandry from Texas A&M College.

Picnic, Camping Time In Texas State Parks

By Vern Sanford
Everyone loves a picnic. And this is the picnic season!

Some outdoors lovers are content to make it a twosome. Hundreds of families make it strictly a family affair. Also there are some mighty big Texas-size picnics — when as many as a dozen families get together to make a full day of it.

Whether you prefer a private party or a huge crowd, the time for fullest enjoyment of the great outdoors in Texas has arrived. Tie it in with boating, skiing or fishing and it will be even more enjoyable.

For outdoor fun at its best take along a tent and camping gear and make it a real week-end of honest-to-goodness relaxation. Thousands of Texans discovered long ago that camping is an exciting and economical way to spend an enjoyable vacation. So, don't overlook the possibilities of several days or even weeks of camping out under the Texas skies.

Texas has 49 State Parks of which 32 have camping facilities. There are hundreds of lakes and rivers plus the magnificent Golden Gulf Coast. Add to these attractions the bountiful forests of East Texas and the beautiful mountains of West Texas ... and the Longhorn State seems to possess most everything. All tempt the tourist, the camper, and the picnic lover.

No wonder the interest in our great outdoors is on the increase. It is there to be enjoyed — and our people are enjoying it.

Try it yourself at your very next opportunity.

Picnics Made Easy

Dehydrated foods are making it easier for the outdoors people. These packaged products have proved very helpful to the picnickers and overnight campers who have their own camp stoves.

Quick-fix drinks, soups, and milks are mighty handy for the camper. Nowadays you can get "instant" tea, coffee, cocoa, milk and malted milk. Almost any kind of soup is available. All you have to do is add water and heat to a boiling point.

Today nearly any grocer can supply you with instant mashed potatoes, instant rice, etc. Ketchup, jellies and jams also are available in space-saving plastic envelopes. In fact new foods or old foods in new packages — ideal for campers — are coming on the market almost every week.

To add further pleasure and convenience to your picnic there is a folding picnic table that's truly remarkable. When the table is collapsed it measures only about three feet square by a few inches thick. Yet it contains four folding seats and enough space to stow cooking utensils, tableware and groceries. Furthermore it makes a very attractive package.

For Better Eating

Next time you land one of those big yellow cats and want to make it into one of the juiciest meals, drain the blood through his tail before you cut him up.

Usual procedure is to make the kill with an ice pick through the top of his head, between the eyes, then slice off the tail just above the tail fin and hang him up by his head. All the blood then will drain through the tail and make for better looking, better tasting meat.

Skinning The Cat

Most fishermen skin the catfish before storing in the deep freeze. But not many of them skin their bass.

Here's how one fellow does it. He follows the usual procedure of removing the fish's insides and head — but he doesn't scale it. Instead he wraps the fish in foil, with scales on, and drops it in the deep freeze. Then when he is ready to cook he peels the skin, scales and all, off the fish, much like you skin a catfish. Much quicker, much easier than scraping off the scales, he says, and better eating too. Ever try it?

COMMENT: Could it really happen?

99 — 99 — 99

We can only wonder what will happen to all the Texas jokes now that Alaska has been admitted to the Union. The 49th state is considerably larger than the Lone Star State.

And a move for secession of three counties in the southwest part of Texas has already been bid for in a federal district court. Who knows. When Hawaii is accepted for statehood, part of Rhode Island may try to secede.

Mr. and Mrs. Vern Divers

Miss Zarosky Weds Lee Shipp Saturday

Large baskets of white gladioli decorated St. Monica's Catholic Church Saturday evening when Miss Mary Frances Zarosky and Mr. Lee B. Shipp, Jr. exchanged wedding vows.

The bride is the daughter of Mr. and Mrs. Joe Zarosky, Sr., and Mr. Shipp is the nephew of Miss Mary Belle Batte.

The Rev. George Duda officiated during the wedding ceremony and Mrs. W. K. Leonard, Jr. furnished organ music.

Given in marriage by her father, the bride wore a ballerina length gown of white lace and tulle over white satin. The fitted bodice featured a scooped neckline and finger-tip sleeves.

A beaded crown held her finger-tip veil and she carried a bouquet of white carnations and English ivy centered with a white orchid.

Miss Leola Richter was maid of honor and bridesmaids were Miss Corrine Mekush of Buckhams and Miss Carolyn Schiller of Temple.

Attendants were gowned in aqua chiffon street length dresses and carried bouquets of pink asters and English ivy.

Bill Strzinek of Tyler served as best man, and Richard Erle Burke of Cameron and John Talley Denison of Austin were groomsmen. Ushers were Bobby Batte and George Zarosky.

The bride's parents were hosts for a reception at Simon-George Memorial Hall immediately following the ceremony.

Mrs. W. J. Byford of Bryan served the three-tiered white wedding cake which was topped with a bride and groom, and Mrs. Griffin Burnett presided at the punch service. Mrs. Bill Strzinek of Tyler and Mrs. Corald Beach of Temple registered guests.

Others in the house party were Miss Joyce Schiller of Temple, Miss Anita Trdy, Cameron, Miss Betty Jean Schiller, Temple, and Mrs. Charles McDermott of Cameron.

Mrs. Zarosky chose a navy blue dress for her daughter's wedding and wore a corsage of pink asters. Miss Batte, aunt of the groom, wore a navy blue suit and a white carnation corsage.

For a wedding trip to Tyler, Mrs. Shipp wore a black dress which featured a white and black bow, and fire-cracker flounce. She wore white accessories.

The bride is a graduate of Yoe High School and is presently employed at Citizens National Bank. Mr. Shipp is a graduate of Yoe High School and Lippert Business College in Plainview. He is employed by Milam County as Court Reporter.

The couple will make their home at 105-B East 7th Street.

Mrs. Lee B. Shipp, Jr.

Mr. and Mrs. Julius Stall of Burlington announce the engagement and approaching marriage of their daughter, Helen, to Mr. Thomas Merka, Jr. son of Mr. and Mrs. Thomas Merka, Sr. of Thorndale. The wedding will be an event of September 13 at St Ann's Catholic Church, Rosebud with the Rev. Father O'Reagan of Burlington officiating.

Caldwell Hospitalized

Kenneth Caldwell, son of Mr. and Mrs. B. C. Caldwell of Cameron is a patient at St. Edwards Hospital. He was reported to be improving today.

Caffey's Celebrate 25th Anniversary With Garden Party

Mr. and Mrs. Ralph Caffey celebrated their 25th wedding anniversary with a garden party at their home in Sharp recently. Miss Doris Bell Doss registered the 150 guests and assisting at the serving table were Mrs. Kenneth Gifford, Miss Anita Ruth Caffey, and Mrs. Henry Brokenbush. The white laid serving table was centered with an arrangement of red, pink and white carnations with long silver streamers. The three tiered cake nested in pink net and was topped with silver bells. A crystal punch bowl and wedding napkins completed the table decorations. Approximately 150 friends called during the party hours.

Story Of Cameron Business Leadership

Ford Tractor Sales, Service Highlight Stedman Co. Store

You get power you can depend on with Ford Powermaster tractors available at Stedman Tractor Co., Cameron, according to H. H. Stedman, agency owner.

Stedman points out that his tractor agency features sales and service on all Ford tractors and field equipment and New Holland balers, rakes and mowers.

His company also handles the famous Maytag gas range, washers, dryers and conventional washers. Another product well-known for its efficient operation, Stedman says, is Toro Lawnmowers.

"We have operated a Ford tractor agency since 1946 on the basis of fair price on all our farm equipment, good trade-in allowances on used equipment and the best Ford farm equipment repair in Central Texas."

Smith Manages Agency
Hugh Smith has managed Sted-

man Tractor since it was opened. The agency was moved to its present location, First and North Central, a short time after it was established in Cameron after World War II.

"Stedman Tractor also has excellent service personnel in Leroy Barkmeyer, our service manager and Herman Reineke, tractor mechanic. Barkmeyer has 10 years of experience while Reineke has about seven," Stedman says.

Smith points out that Stedman Tractor services what it sells to the satisfaction of the customer.

He says that Ford's 1958 Powermaster Tractors give the user maximum power whether tilling, cultivating or doing any other tractor field work.

"Ford Powermasters are not only powerful but they are built for maximum driver comfort and

convenience. One simple step puts him on the easily accessible running board without awkward climbing," Smith says.

And we have a big line of matching equipment to take full advantage of the many outstanding features built into Ford tractors, Stedman says.

"Among our tractor parts are outstanding Ford batteries and a complete parts stock," Stedman notes.

Easy Access

"Our drive-in entrance on First Street gives out customers easy access to the garage and service department," he continues.

"We ask that Milam County farmers consider Stedman Tractor their farm equipment headquarters and Ford the tractor and field equipment they can depend on," Stedman concludes.

Wiese Lumber Co. Serves Up Array Of Sales, Service

Wiese Lumber Co. proudly serves Milam Countians' building and repair needs, regardless of the job.

Owner Buddy Wiese, veteran lumberman and builder, backs up his company's policy of complete lumber sales and service with a life-long background of building experience and lumber yard management.

And his services include a wide range of materials and work in the lumber business.

Wiese's staff of four is available for immediate delivery of materials and estimates on building jobs regardless of size.

Complete Supplies

Wiese Lumber Co. also offers a complete array of paints, roofing, nails, bathroom fixtures, plumbing supplies to bring building know-how and quality building materials together.

His paint line includes Kem-Tone and Kem-Glo selections for any requirement of decorating or painting inside or outside the home or farm.

He also features Gold Bond ceiling tile and popular shutters for fashionable decor.

"We will make estimates on any type of job whether for a repair job or a new house," Wiese says.

"And when a customer orders some materials for immediate use, we give him immediate delivery," he points out.

Wiese Lumber Co. is open five days a week from 7:30 a.m. to 5 p.m. Monday through Friday and open until noon on Saturdays.

Wiese's building supplies include bricks and roofing of any kind and inside paneling for dens and family TV rooms.

Plans Drawn

"We can draw up plans and specifications for buildings of any type, including houses, farm structures and large types of construction," he emphasizes.

"Your business is more than appreciated. It is taken care of competently and correctly at Wiese Lumber Co. Give us a ring today," he concludes.

Squash Offers Variety In Looks, Flavor For New Interest Meals

There are several types of summer squash, each of them attractive in color and interesting in flavor. Patty pan or scallop squash is round with a scalloped edge and greenish white in color. Crookneck or straight-neck is egg-shaped with a crooked or straight neck as its name implies, and is yellow in color. Zucchini or Italian is cucumber-shaped and dark green in color, sometimes with light stripes running lengthwise. Select squash with firm thin skin.

Fresh young squash needs no peeling, just scrubbing. Cook it in a very small amount of water. Between $\frac{1}{4}$ and $\frac{1}{2}$ inch boiling water in a covered pan is about right. Squash will simmer to tenderness in 10 to 15 minutes.

Stuffed Patty Pan Squash is a choice vegetable dish. Cook whole squash until tender, drain and scoop out the centers leaving a shell about $\frac{1}{2}$ inch thick. Mash the scooped out centers and to them add chopped onion and celery that have been cooked tender in a small amount of butter, margarine or bacon drippings. Add salt, pepper and a dash or two of allspice. Fill shells with the mixture

and sprinkle the tops with buttered bread crumbs or grated American or Parmesan cheese. Bake in a moderate oven 20 to 30 minutes or until lightly browned.

Fry crookneck, straightneck or Zucchini. Slice the unpeeled squash crosswise or lengthwise in $\frac{1}{4}$ -inch slices. Sprinkle with salt and pepper and dip in flour, thoroughly coating each side. Fry in shallow fat, approximately $\frac{1}{4}$ inch butter, margarine, shortening or bacon drippings, until tender and brown, about 10 minutes. Drain on absorbent paper and serve at once.

RECIPE OF THE WEEK

Zucchini Florentine: Slice 2 pounds washed unpeeled Zucchini crosswise in $\frac{1}{4}$ -inch slices. Saute 2 medium onions, sliced, in 2 tablespoons butter or margarine until golden. Add Zucchini and cook over low gas flame 5 minutes, stirring frequently. Add 2 cups canned tomatoes, $\frac{1}{2}$ teaspoon salt and dash of pepper and simmer 5 minutes, stirring frequently. Pour into greased shallow baking dish, cover with $\frac{1}{2}$ cup grated sharp cheese. Bake in moderate oven 20 to 30 minutes. Makes 6 servings.

Sports

ROBERT MANN, SUMMER EDITOR

SW Conference Sports...

Tom Murray's Column

WHATEVER television has touched in the field of professional sports has turned to gold. Boxing, once virtually unknown in Texas except in a few cities where mediocre meetings of ham-and-egggers were sparsely attended, has become a sport talked in the coffee shops of small towns where a decade ago no one knew the name of any except the champions in the more publicised divisions.

Pro football, still-born in Dallas with the juckless Texans, now has a million TV followers in the Southwest. Houston promoters think now the state is right for play-for-pay gridders.

Even Texas horse race adherents, silent most of the time since the sport was outlawed a generation ago, are beginning to make more noise out of Austin. TV has brought the Kentucky Derby, the Preakness and Belmont into Texas living rooms and possibly has aroused new appetites.

Even wrestling, with all its comic opera aspects, has gained new followers as blood-curdling grunts and groans rumble out of the amplifier.

And just a few years ago many sports promoters were lamenting that TV would slit their pocket-books.

DOG DAWSON, massive Ex-Aggie football star and coach, drinking coffee with Pete McIver at Jim Gordon's drug store in Rosenberg was poking fun at his friend, the proprietor. "Hey, Jim," Homer Norton's old end coach roared, "turn up the air-conditioner, my Mum's runnin'."

Liberty is a haven to four well-known athletes in this summer of the job famine. Former Baytown all-state basketballer Jerry Don Smith, Texas City Tackle Don Talbert and All-State Quarterback Roger Reinstra, Nederland, are Texas Longhorns doing summer duty for Leonard M. Josey, Inc., with Bitsy Hughes the overseer. Duke Snider, Rice frosh halfback, is another SWC chattel toiling in the South Liberty oil lot.

Should the improbable happen and Roy Harris capture the heavy weight championship from Floyd Patterson, he would not be the first Texan to win the crown. Many forget Jack Johnson, perhaps the greatest heavyweight of them all and supposedly reared at Bay City, fought his way to fame out of Galveston. Times have

changed. Even Texans claimed little of Johnson's fame, since his skin was colored. Zora Polley, the present heavyweight masquerader, is another Texan born in Dallas.

Remember Bill McDonald, Texas' center on its 1952 SWC championship football team? The smooth Orange lad is a successful Houston lawyer.

Port Arthur probably shudders to think what might have happened had Port Neches and Nederland voted to consolidate in a 1948 election. The two grid centers, bordering PA, have turned out three state championship teams in the past five years, two at Port Neches.

Murphy Webster, Jim Speer's Cameron backfield coach, was a Little All-America halfback at Midwestern, the Wichita Falls college since dropping football.

Glenn Lippman, a brilliant engineering student at Texas A&M to say nothing of his football talent was a victim of Dow Chemical's Freepoint recession cutback.

The Humble High School Wildcats, famous for killing Hull-Daizetta's winstreak, have suddenly become as renowned for producing splendid coaches for other schools. Travis (Shorty) Hughes left for Deer Park to turn out two state championships and three consecutive undefeated teams. But friends wonder if Sparky Adams made the right move in leaving to accept the South Park rebuilding job. "Port Arthur, Beaumont and Orange won't be in a mood for reputation building by the new Greenie coach," one wisened fan mused.

Moraw Hurls 3
Hitter To Stop
Braves 5 To 3

Robert Moraw hurred a 3 hitter at the Braves to back the Bears to a 5 to 3 win over the Braves in the Little League game Thursday evening.

The Braves had a 3-1 lead going into the 4th inning when the Bears exploded for 2 runs and added 2 more in the 5th when Mike Koronek scored the winning run and Moraw added one for insurance.

Bobby Jones was the losing pitcher as he went the distance and allowed only 6 hits, however, the breaks were against him as his teammates errored 3 times in accounting for some valuable Bear runs.

Mike Koronek led the Bear hitters slugging a triple and 2 singles in 3 trips. Ronald McWilliams was the leading Brave hitter going 2 for 3 with a double and triple. Moraw fanned nine with his fast ball while Jones wiffed 5 batters.

Owls Stop Cats
Behind Hawkes,
Earnest Bayer

Billy Hawkes went 3 for 4 and Earnest Bayer pitched a 3 hitter as their combined talents pushed the Owls to a 7 to 1 win over the Rotary Cats in the Babe Ruth league Thursday night.

The Owls and Cats both scored in the first inning when Chris Gay scored the lone Cat tally and Billy Hawkes scored the first of his 3 runs. The Owls went ahead to score in the second, twice in the third, and once in the 4th, 6th and 7th. The Owls got 7 hits for the night with Charles Cummings getting the only extra base hit, a double in the 4th to back up 3 singles by Hawkes.

Bayer was the winning pitcher as he went the distance giving up 3 hits, one a double to Bobby Dillon started for the Cats and was relieved by Bobby Griswold who fanned the leagues leading hitter, Earnest Bayer, with the bases loaded and 2 away in the 3rd. Chris Gay came on in the 4th to fan Bayer again with the bases loaded as he finished up, fanning 4 and giving up only 1 hit in the 7th, a single to Bayer. Dillon was the loser. His season record is 1 and 1 while Bayer is now 7 and 1 for the season.

Guide Book Available
For State Park Week
To Texas' 56 Sites

AUSTIN—Texas State Parks — all 56 of them — will have a special welcome for visitors during the week of July 14-20 inclusive.

That period has been designated as State Parks Week by Governor Price Daniel, co-operating with the Texas Junior Chamber of Commerce, which has made the study and encouragement of state parks a prime objective of the year.

For the convenience of those unfamiliar with the locations of all of the state parks, there has been issued a guide that is available by application to the Texas State Parks Board, Drawer E., Capitol Station, Austin.

One side of the guide has the sites of the recreational parks and the historic parks marked on a road map. The reverse side gives more detailed road information and, in tabulated form, the facilities in each of the parks.

Bears Forfeit Tuesdays Game,
Babe Ruth Cats Top Colts 3 - 2

The Little League Braves held on to their league lead even though they went through the past week without a victory. Their 6 and 2 record is a good distance ahead of the second place 5-5 Bear record.

The Owls are still "running things" in the Babe Ruth League as they hold a 7-1 won-lost record. The little league game was forfeited Tuesday night when the Bears had only 8 players available at game time and a win went to the opposing White Six, however, the Cats slipped by the Colts in Babe Ruth league action.

Marak Takes Basic

At Lackland Air Base

Arthur (Monk) Marak, son of Mr. and Mrs. Roman Marak of Cameron is now at Lackland Air Force Base in San Antonio, completing his fourth week of basic training.

Marak was a 1958 graduate of Yoe High School. After completing his eleven week basic training course he will be in Cameron on a two week leave.

edged the Colts by a 3-2 margin. Griswold led off the bottom of the 6th with a single and stole 2nd and 3rd. Kirk then grounded out to the shortstop to score Griswold standing up.

Griswold went 2 for 3 raising his seasons average to .458, 4th in the league. The Cats collected 7 hits off losing hurler Charles who hurled a fine game and fanned 5. Bob Dymke was the winning pitcher as he went the distance giving up 5 hits.

Eugene Taylor scored both Colt runs, one in each the first and sixth innings. Griswold scored 2 Cat runs while Pat Dillon accounted for the other one.

James Anderle and Allen Boyer led the Colt hitters each going 2 for 3.

Gandy In San Francisco

John A. Gandy, seaman apprentice, USN, son of Mrs. Irene Gandy of Cameron, aboard the attack aircraft carrier USS Lexington, took part in the First Fleet visit to the San Francisco Bay Area July 3-7. The visit commemorated the 50th anniversary of the Great White Fleet to San Francisco during its cruise around the world. A full-scale Naval review was staged as the Fleet entered the Bay.

Saddle Club Holds

Show Planning Meet

At McDermott Farm

About 40 members of the Cameron Saddle Club Thursday attended a planning session for the Cameron Horse Show scheduled July 18-19.

The meeting followed a trailride to the McDermott's farm in Marlow Community with about 29 riders participating in the ride and barbecue.

President Charles McDermott announced appointments of Curtis Barron and G. B. McDermott to handle cattle in the roping and cutting events of the show.

Mrs. Curtis Barron was named to head arrangements of the gaited show registration while Mrs. Joe S. Hickman was named head of the quarter horse show registration.

McDermott said that entries are now being taken for the show. He said some have been entered from as far as Louisiana.

Officials said local entries are urged to enter early. Registration papers should accompany all entries, McDermott said.

Entries may be filed with Mrs. Hickman at the Battle-Hickman office, Cameron, he noted.

New members are Patsy Thompson, Mary Frances Shipp and E. J. Sebesta.

Cemetery Group Sets Marlow Homecoming

A large crowd from Milam County and throughout the state is expected Sunday for the Marlow Cemetery Association annual homecoming, according to Morris Coward, association president.

A special program is planned at the Marlow Baptist Church followed by a business meeting and dinner. Coward said that each family was asked to bring a basket lunch.
